## CARACTERÍSTICAS TÉCNICAS

### TECHNICAL CHARACTERISTICS

|                                         |                                  |
|-----------------------------------------|----------------------------------|
| <b>Fijación</b> Fixation                | Techo/Celing                     |
| <b>Protección IP</b> IP protection      | 20                               |
| <b>Potencia</b> Power                   | 35W                              |
| <b>Voltaje</b> Voltage                  | 220-240V / 50-60 Hz              |
| <b>Velocidad</b> Speed                  | 6                                |
| <b>Consumo</b>                          |                                  |
| Electrical consumption                  | 6W/9.5W/13.8W/18.5W/24.5W/35W    |
| <b>RPM</b>                              | 165/185/200/205/215/230          |
| <b>Flujo de Aire</b> Air flow           | 70/80/85/109/125/138 m3 / min    |
| <b>Función Inversa</b> Inverse Function | Si/yes                           |
| <b>Garantía</b> Warranty                | Motor 5 años / Luz 3 años        |
| <b>Clase</b> Class                      | 1                                |
| <b>Motor</b> Engine                     | DC                               |
| <b>Tipo de control</b> Control type     | Mando a Distancia/Remote Control |
| <b>Nivel de Ruido</b> Noise Level       | Max. dB(A)<50                    |
| <b>Grado máximo de inclinación</b>      | °15                              |
| Maximum inclination degree              |                                  |
| <b>Temp.</b>                            | CCT: 3.000-6.500K                |
| <b>Lúmenes</b> Lumens                   | 5.200 lm                         |
| <b>CRI</b>                              | >80                              |
| <b>Vatios</b> Watts                     | 72W                              |
| <b>Regulable Dimmable</b>               | Si/Yes                           |

## CARACTERÍSTICAS FÍSICAS

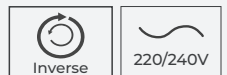

### PHYSICAL CHARACTERISTICS

|                                |              |
|--------------------------------|--------------|
| <b>Cuerpo</b> Body             | Metal        |
| <b>4 Aspas</b> Blades          | ABS          |
| <b>Acabado</b> Finish          | Blanco/White |
| <b>Peso Neto</b> Net weight    | 5.5Kg        |
| <b>Peso Bruto</b> Gross Weight | 6.5 Kg       |

## LOGÍSTICA

### LOGISTICS

|                          |   |
|--------------------------|---|
| <b>Producto por caja</b> | 1 |
