TECHNICAL DETAILS

S/M - L/XL

COMFORT & DESIGN

Soft-Touch Face & Neck Comfort: Soft fleece fabric selected for gentle, irritation-free contact with sensitive facial and neck skin under the helmet.

FUNCIONALITY

Multi-Use Neck Tube: Highly versatile tubular design usable as a neck warmer, headband, or helmet liner.

SECURITY & PROTECTION

Cold Weather Thermal Barrier: Effective thermal barrier protecting head, neck and face against cold wind and low temperatures while riding.

TECHNOLOGY & MATERIALS

Polar Fleece: Ultra-soft polar fleece designed to retain body heat while staying soft and comfortable on the skin.
