TECHNICAL DETAILS

UNIQUE

COMFORT & DESIGN

Low-Profile Tapered Edge: Ultra-slim protector with tapered edges that disappears under any garment for invisible daily wear.

FUNCIONALITY

Universal Garment Integration: Versatile protector designed to fit internal pockets or be sewn directly into any compatible Seventy garment.
Ventilated Open-Cell Structure: Open-cell ventilated structure designed to promote airflow through the protector for better thermal comfort.

SECURITY & PROTECTION

Windflex® Hip Armor (L2): Ultra-flexible Windflex® Level 2 certified protectors designed specifically for the hips.

TECHNOLOGY & MATERIALS

Windflex® Viscoelastic Tech: Proprietary Windflex® viscoelastic compound that remains flexible at all temperatures and hardens on impact.
70 Safety Lab Air&Flex Design: Open-cell geometry engineered for body conformity, freedom of movement and lightweight CE Level 2 protection.
