### TECHNICAL DETAILS

**XS/S-M/L-XL/2XL-3XL/4XL**

### COMFORT & DESIGN

**Seamless Ergonomic Fit:** Advanced seamless tubular construction for a close, friction-free second skin feel.

### FUNCIONALITY

**Quick-Drying Base Layer Fabric:** Engineered quick-drying fabric that rapidly evacuates moisture from the skin surface to prevent chilling.

### SECURITY & PROTECTION

**Seamless Hygienic Construction:** Seamless knit construction eliminating friction points and maintaining hygienic freshness under the helmet.

### TECHNOLOGY & MATERIALS

**Seamless Carbon Fabric:** Next-generation seamless carbon fabric for ultimate breathability and friction-free comfort.
**Antibacterial Fiber Tech**: Silver-ion antibacterial treatment bonded at fibre level, permanently inhibiting odour-causing bacterial growth.
**Antistatic Base Layer Tech:** Antistatic fiber system conducting electrostatic charge away before it builds to a discharge threshold.
