## Technical Characteristics report

Serial: LOFT

Size:10X30

Wall tiles with red body. Dry pressed ceramic tiles for interior walls.

It accomplishes norm: UNE-EN 14411

Group: BIII

| Name, Test                                                                    | European norm   | Value                            |
|-------------------------------------------------------------------------------|-----------------|----------------------------------|
| Size, thickness, side straightness, flatness, orthogonality                   | UNE-EN 14411    | It accomplishes all requirements |
| Water absorption capacity                                                     | EN ISO 10545-03 | E > 15%                          |
| Flexion resistance                                                            | EN ISO 10545-04 | > 20 N/mm2                       |
| Thermic impact resistance                                                     | EN ISO 10545-9  | It stands the test               |
| Cracking resistance                                                           | EN ISO 10545-11 | It stands the test               |
| Resistance to acids                                                           | EN ISO 10545-13 | GHA                              |
| Resistance to bases                                                           | EN ISO 10545-13 | GHA                              |
| Resistance to cleaning products and chemical products for swimming pool water | EN ISO 10545-13 | GA                               |
| Stains resistance                                                             | EN ISO 10545-14 | 5                                |
