

# AZUD TUB

Heavywall irrigation pipe for irrigation with online dripper or water conduction.

## Technical characteristics

- **Expected useful life:** More than 10 years
- **Topography:** Uneven terrain and flat terrain
- **Type of installation:** Sub-surface, on subface and pots
- **Colors:** Black and white

## Unique selling points

### Reliability

AZUD manufacturing standard according to ISO 8779  
Manufactured from high-quality raw material, laboratory tested  
UV protection and resistance to irrigation chemicals

### Durability

High mechanical resistance to abrasion, rubbing, and impacts, reducing incidents and unscheduled maintenance

### Safety

Designed to withstand operating pressure and even occasional pressure surges

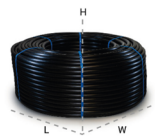

## Dripline technical data

| Type of dripline | Model | Thickness | Max. Pressure |
|------------------|-------|-----------|---------------|
|                  |       | mm        | bar           |
| AZUD TUB         | 12    | 1         | 2,5           |
|                  |       | 0,9       | 3,2           |
|                  |       | 1         | 3,2           |
|                  | 16    | 1,2       | 4             |
|                  |       | 1,4       | 4             |
|                  |       | 1,5       | 5             |
|                  | 18    | 1,2       | 4             |
|                  |       | 1,1       | 2,5           |
|                  | 20    | 1,2       | 3,2           |
|                  |       | 1,3       | 3,2           |
|                  |       | 1,4       | 3,2           |
| AZUD TUB drill   | 16    | 1,2       | 4             |
|                  | 20    | 1,3       | 3,2           |

\*Available colors: Black - White

AZUD TUB drill: Drilled pipe. Drill diameter: 2 mm

Available distance between drills: 0.20 - 1.50

## Logistics data
