

## MEET THE EVERYDAY CLASSIC PRESERVER

Quality clothes are made to be worn, but everyday pieces need care to maintain their condition. Whether you wash one shirt or a full load, AEG washing machines will adjust the cycle accordingly, reducing wear and tear by taking the minimum amount of time, water and energy necessary for a thorough clean. Keeping clothes looking

## Product Benefits & Features

### CARING FOR CLOTHES. SAVING WATER AND ENERGY

ProSense technology® automatically weighs each load to provide a tailored cycle. Sensors then adjust washing times precisely, ensuring optimum treatment for every garment. Your laundry comes out with that fresh, new feeling every time, plus you save water and energy.

### PROTECTION FOR YOUR CLOTHES

All AEG machines have our ProTex gentle drum, specially designed to take care of your clothes. Gentle water jets lift and protect your laundry as it washes. With more holes than standard machines, our drum reduces the stretching of fabric, maintaining the shape and texture of clothes during spin

### INVERTER MOTOR+. DURABLE AND ENERGY-EFFICIENT

Experience energy-efficient washing for longer with the Inverter Motor+. Built for low energy consumption thanks to permanent magnet motor technology.

### CHOOSE THE RIGHT TIME TO WASH

Delay Start gives you the freedom to do your washing at the time you prefer by allowing you to automatically set the start time of your washing cycle.

### Steam Anti Allergy Programme removes 99,99% of bacteria and viruses\*

The Steam Anti Allergy Programme, certified by Swisstest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses\* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

\*Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

- Maximum spin speed: 1200 rpm
- Washing capacity: 8 kg
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: 20Min 3Kg, Anti Allergy Vapour, cotton 20, Cottons, Delicates, Duvet, Easy Iron, Eco 40-60, Jeans, Rinse, Spin/Drain, Sport, Synthetics, wool/silk
- Stains treatment option
- Delay start option
- Number of detergent dispenser compartments: 3
- Feet: 4 adjustable feet
- Anti-flood protection
- ÖKOInverter motor: The lowest energy consumption with the highest efficiency and durability.

Product Specification

Installation type	Free_Standing	Display type	Small LED
Product Typology	Front_Loaded_Full_Size	Height, mm	847
Installation	FS	Width, mm	596
Washing technology	Eco flap	Depth, mm	547
Cabinet type of	HEC 54 XXL	Cabinet material	Steel
Design family	P one	Drum volume, l	53
Design level	K Level	Full load washing capacity, kg	8
Main colour	White	Inlet hose type	Standard cold
Panel colour	White	Inlet hose length, cm	130
Front door	XXL White	Door lock type	Pull to open
Push button functions	DELAY START, Options, SPIN SELECTION, Start/Pause, TEMP SELECTION, TIME SAVE	Outlet hose length, cm	145
Push button, number of	6	Det. dispenser type of	Short
Knob/Command func.	Program		
Knob/Command func., number of	yes		
Program list	20Min 3Kg, Anti Allergy Vapour, cotton 20, Cottons, Delicates, Duvet, Easy Iron, Eco 40-60, Jeans, Rinse, Spin/Drain, Sport, Synthetics, wool/silk		
Indicator program	LED		
Indicators display	Small LED		
Indicators other	Cold, NO SPIN, Prewash, RINSE HOLD, SPEED3, Stain, Start/Pause, TEMP4
