Features

- Contains pharmaceutical grade moisturisers, including Aloe vera and Vitamin E
- Aerosol product available in three sizes: 50ml, 150ml and 500ml. Dispensed in a light mousse | Lotion product available in three sizes: 100ml, 800ml (pouch) and 1,000ml. Dispensed in a light lotion
- Forms a moisturising, breathable and waterproof layer on the skin surface
- Remains on the skin despite repeated washing
- Formulated to be non-greasy
- Suitable to use alongside existing measures to protect hands and promote healthy skin

Benefits

- Prevents and controls dermatitis. Helps to prevent the skin drying out and may help to control other pre-existing skin problems. Trials involving dermatitis treatment have shown a 97% positive result
- Each size respectively gives approx. 55, 110, 165, 550, 880 and 1100 applications, the light mousse and lotion are both quickly and easily applied
- Will benefit anyone working with grease, oil, coolants, de-greasers, adhesives, sealants
- Especially useful with today's strict hand washing regime, one application can last up to 4 hours
- You will not have a greasy-hand feeling that can become slimy when wet or when inside gloves
- Can be worn in conjunction with disposable and reusable gloves
