Features

- Free from silicone
- Tested to EN374
- AQL 4.0
- Ambidextrous
- Nitrile formulation conforms to the hand during use
- Beaded cuff
- Manufactured with diamond textured palms and fingers (and back of hand)
- Ultra-heavyweight construction
- Touchscreen compatible

Benefits

- Silicone free formulation means no finger marks on metal and glass surfaces
- Resistant to a range of chemicals
- Meets medical standards including pinholes
- Ambidextrous fit means you don't have to split a pair to replace a damaged glove
- Nitrile formulation conforms to the hand during use for a more comfortable fit
- Beaded cuff provides extra strength during donning and helps prevent liquid roll back
- Diamond textured palms and fingers provides improved grip, particularly when working in wet or oily conditions
- Ultra-heavyweight construction is very tough, durable and long lasting
- Suitable for use with mobile and tablet displays without removing gloves
