

Northport Jacket Woman

Description

Our Northport Jacket is designed to keep you warm and comfortable during icy winter days. Crafted from a blend of 62% certified recycled polyester and 38% polyester, this mid-length jacket exudes durability while keeping you stylish. Featuring a water-repellent finish (CO Bionic Finish Eco), waterproof zippers and easily adjustment of the hood with the elastic drawstring for optimal protection. Experience additional comfort and warmth with the soft lining in the spacious front pockets, the sleeves with inner cuffs and thumbholes to keep the wind out, while the two-way zipper and side slits ensure effortless movement wherever you go.
