Wenatchee Jacket Women

Cold winters has nothing on the Wenatchee Jacket, it is the ideal long jacket to wear during outdoor activities and on the commute to work. Up to 50% of the fabric is from recycled polyester yarn from discarded plastics. The jacket is remarkably light thanks to its light and lofty insulation made from synthetic and renewable plant raw materials from Sustans by DuPont™ Sorona®. The insulation is embedded into heat-press channels without stitches. The adjustable hood is removable and there is a two-way zipper with a protective placket layer.

- Heat-press channels
- YKK centre front 2-way zipper
- Inner zip pocket
- Concealed front button placket
- Removable hood and high collar
- Zipped side pockets
