

CATALOGUE
2026

Since 1968

Founded in 1968, MT Helmets has over 50 years of experience in manufacturing motorcycle helmets. Our unwavering commitment to safety and innovation has established us as a global market leader, with a presence in more than 125 countries. At MT Helmets, we prioritize safety by not only meeting but exceeding the highest international standards, setting trends in the industry. Our products, designed at our headquarters in Cartagena, Spain, embody cutting-edge technology and innovation, continually adapting to the needs of riders worldwide. This dedication is fueled by our passion for motorcycling, as we are riders ourselves, traveling thousands of kilometers with the products we create. Our sponsorship philosophy reflects this passion, leading us to support and protect some of the fastest riders in the MotoGP World Championship, where we have already secured two World Championship titles.

MT

THE BRAND OVER DECADES

MT Group is operating on a new level, and the MT Helmets brand now features a refreshed image that reflects this new chapter.

Built on three pillars—improved design, adaptability, and visual recognition— MT Helmets introduces a logo that reinforces the brand's position in the market, delivering greater adaptability across the entire product range and a stronger impact both on the road and in competition. A brand clearly aligned with the expectations of today's and tomorrow's consumers.

VISOR LOCK BUTTON

When pressing the visor lock button, it releases the visor to a first "anti-fog" position, allowing optimal airflow to reduce fogging.

AIR FLOW CHANNEL SYSTEM

Newly refined design for enhanced airflow efficiency, with dual-button front intake for precise ventilation control.

MODEL UPGRADE

New visor lock button for greater safety and riding stability.

Redesigned rear spoiler and diffuser for better aerodynamics and a sportier look.

New inner lining for improved comofrt and fit.

Incorporation of the latest MT Retention System, combining improved safety with a more modern and premium look.

QUICK VISOR SWAP SYSTEM

MT's patented system makes it easy to change shields in 5 seconds, even with the helmet on.

INTERCOM

Housing for intercom system headset.

SIZE CHART

1

MEASURING

Start measuring above the ear and circle around. The tape measure should be placed about two centimeters above the eyebrows.

2

FIND YOUR SIZE

Check your measurements with the below helmet size chart. If your measurement are between two sizes, opting for the larger size is recommended.

ADULT SIZE

XS	S	M	L	XL	2XL	3XL	YS	YM	YL
53 – 54 cm	55 – 56 cm	57 – 58 cm	59 – 60 cm	61 – 62 cm	63 – 64 cm	65 – 66 cm	49 – 50 cm	51 – 52 cm	53 – 54 cm

KID SIZE

EPS

HOW EPS WORKS

EPS (Expanded Polystyrene) is the inner layer of the helmet responsible of absorbing the impact. The size located in the same EPS section can be changed by replacing the lining (sold as spare part).

CHART OF VISORS | 2026

CATALOGUE | 2026

A large, light gray graphic of the letters 'BS' is shown. Red dots are placed at the starting points of the strokes for each letter, indicating the correct way to write them. The letter 'B' has two dots, and the letter 'S' has two dots.

MT—RIDER SYNC

Powered by MIDLAND

MT—Rider Sync is the new intercom developed by MT Helmets and Midland, perfectly compatible with all MT helmets designed with UCS—type Bluetooth pre—installation — in other words, most helmets in the catalog.

- The MT—Rider Sync is an intercom made for motorcyclists, with a range of over 1,000 meters, phone/GPS connectivity, noise cancellation, and top—tier performance from the latest—generation Bluetooth systems.
- All next—generation MT Helmets feature a dedicated intercom slot where the MT—Rider Sync fits easily.
