Manufacturer Product Certification

Manufacturer name: ZHUHAI DALI KITCHEN & BATHROOM TECHNOLOGY CO., LTD.

Address:Building 5, No.88 Yuejin Road , Pingsha Town, Zhuhai City, China

Product:Stainless steel tap

TO WHOM IT MAY CONCERN

ZHUHAI DALI KITCHEN & BATHROOM TECHNOLOGY CO., LTD. declares that:

Midea Code	Item No.	Description	Factory Model
92076212Z00081	116010008	GRIFO UNI 9912 XP	PF7523
92076212Z00082	116010009	GRIFO UNI 9912 BK	PF7523-PB
92076212Z00204	116030088	GRIFO UNI 9331 BRASS	PF7226-E1-LG
92076212Z00203	116030089	GRIFO UNI 9331 TITANIUM	PF7226-E1-GM
92076212Z00202	116030090	GRIFO UNI 9331 COPPER	PF7226-E1-R
92076212Z00206	116030086	GRIFO UNI 9330 XP	PF7160-E1
92076212Z00205	116030087	GRIFO UNI 9330 BK	PF7160-E1-PB
92076212Z00103	116030084	GRIFO UNI 3330 XP	PF7179
92076212Z00104	116030085	GRIFO UNI 3330 BK	PF7179-PB
/	116080001	GRIFO UNI 3913 XP	PF7537

These products are designed, produced and tested according to our internal standard and fulfill all mechanical, dimensional, functional... requirements according to the European standards:

EN-817 Sanitary tapware - Mechanical mixing valves (PN 10)- General technical specifications.

EN- 248 Sanitary tapware- General specifications for electrodeposited coatings of Ni-Cr

UNE-EN 13618 Flexible connections for drinking water installations. Functional requirements and test methods. (only applies to single handle faucet)

EN ISO 228-1 Pipe threads where pressures tight joints are not made on threads – Part 1: Dimensions, tolerances and designation (ISO 228-1:2000)

EN ISO 228-2 Pipe threads for joints without thread sealing. Part 2: Verification by tolerance gauges (ISO228-2:1987)

EN ISO 3822-1 Acoustics - Laboratory tests on noise emission from appliances and equipment used in water supply installations – Part 1: Method of measurement

EN ISO 3822-2 Acoustics - Laboratory tests on noise emission from appliances and equipment used in water supply installations – Part 2: Mounting and operating conditions for draw-off taps and mixing valves.

EN ISO 9001; 2015. – – Quality norm.

Components and materials used in the construction of tapware are subject to other norms as ACS, KTW, DVGW.
