Discover the new

Integra Pro Series

Nothing in sight. Everything in performance.

TEKA

TEKA

Elegantly invisible, fully integrated into your kitchen, the new Integra Pro hoods Series reveals only a sleek glass lid when in use. The touch controls are discreetly integrated into the glass visor, while LED lighting create a minimalist, sophisticated, and effortlessly refined kitchen experience.

COMPLETELY HIDDEN SOLUTION

With their sleek and understated profile, Integra Pro hoods integrate flawlessly with the underside of your cabinets. They remain invisible within your kitchen, preserving purity and harmony of design, and only reveal their elegant glass front panel when in use.

FLEXIBLE DESIGN, INVISIBLE CONTROL

A foldable glass lid with a discreet touch panel and touch-free gesture controls preserves a clean, minimalist look while adapting to your cooking needs. Decorative and functional stainless steel filters can be easily removed and cleaned in the dishwasher.

SPACE OPTIMIZED, STORAGE MAXIMIZED

Make the most of every corner in your kitchen with a smart design that optimises storage without compromising style. Keep your essentials—oil, salt, and other daily staples—right where you need them, while maintaining a tidy, functional, organised, and highly functional kitchen.

EFFORTLESS INSTALLATION, PERFECTED

Designed for fast and effortless installation, the hood's two-piece system allows one person to fit it, while the EasyFix installation system provides millimetre-perfect adjustments for a secure, seamless finish—no bottom shelf required, making integration simpler than ever.

PREMIUM POWER, CLASS-LEADING EFFICIENCY

The Integra Pro range combines powerful and whisper-quiet performance with A++ energy efficiency, leading its class in saving both energy and bills. Featuring 3+2 speeds and bright, strategically placed LED lighting, it ensures perfect visibility over the hob, making every cooking experience effortless and enjoyable.
