DISCOVER THE NEW

INTEGRA HOODS

Total integration, superior performance

Perfectly blended into your cabinetry, Integra built-in hoods feature a nearly invisible design with three adjustable speeds. Its aluminium filter ensures low maintenance, while the LED lamps provides optimal illumination over the hob. Plus, it's incredibly easy to install, fitting effortlessly into your kitchen in no time.

SEAMLESSLY INTEGRATED DESIGN

Integra built-in hoods are crafted to blend seamlessly into your cabinetry, achieving a virtually invisible presence. With their sleek and understated profile, these hoods integrate flawlessly with the underside of your cabinets, ensuring a clean, streamlined look for your kitchen space.

EFFICIENT USE OF SPACE

Designed to maximise every inch of your kitchen. Taking up minimal space within your cabinetry, it leaves room for storing essential items such as salt, oil, and other kitchen staples. Its compact design ensures you can make the most of your storage space while maintaining a sleek and organised look.

INSTALLATION MADE EASY

Engineered with convenience in mind, Integra built-in hoods ensure easy installation. With just a few simple steps, you'll have your hood fitted in no time. The **EasyFix** installation system allows for quick placement, and once in position, you can make precise adjustments by the millimetre to ensure a secure and visually seamless finish.

LIGHT UP **YOUR KITCHEN**

With energy ratings up to A +. Efficiency and savings guarantee with LED lighting. Light right where you need it with adjustment lamps directly in the cooking area.

EASY USE AND CLEANING

Access your hood filters in the easiest way for a quick and easy clean. Get impeccable cleaning results with the additional removable tray. It's as easy as taking it out and putting it in the dishwasher for a deep clean.
