# OVAL TAP SERIES

BEAUTY SIMPLIFIED

## FUNCTIONALITY AND ERGONOMY. PLAIN AND SIMPLE BEAUTY.

The new Oval taps series, with its slimmer body and pure lines, will become your kitchen's focal point.

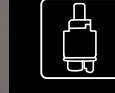

Each part of the tap is carefully designed and its materials consciously selected, to provide a differentiated experience. Such experience being delivered by a product intended to become the kitchen's protagonist.

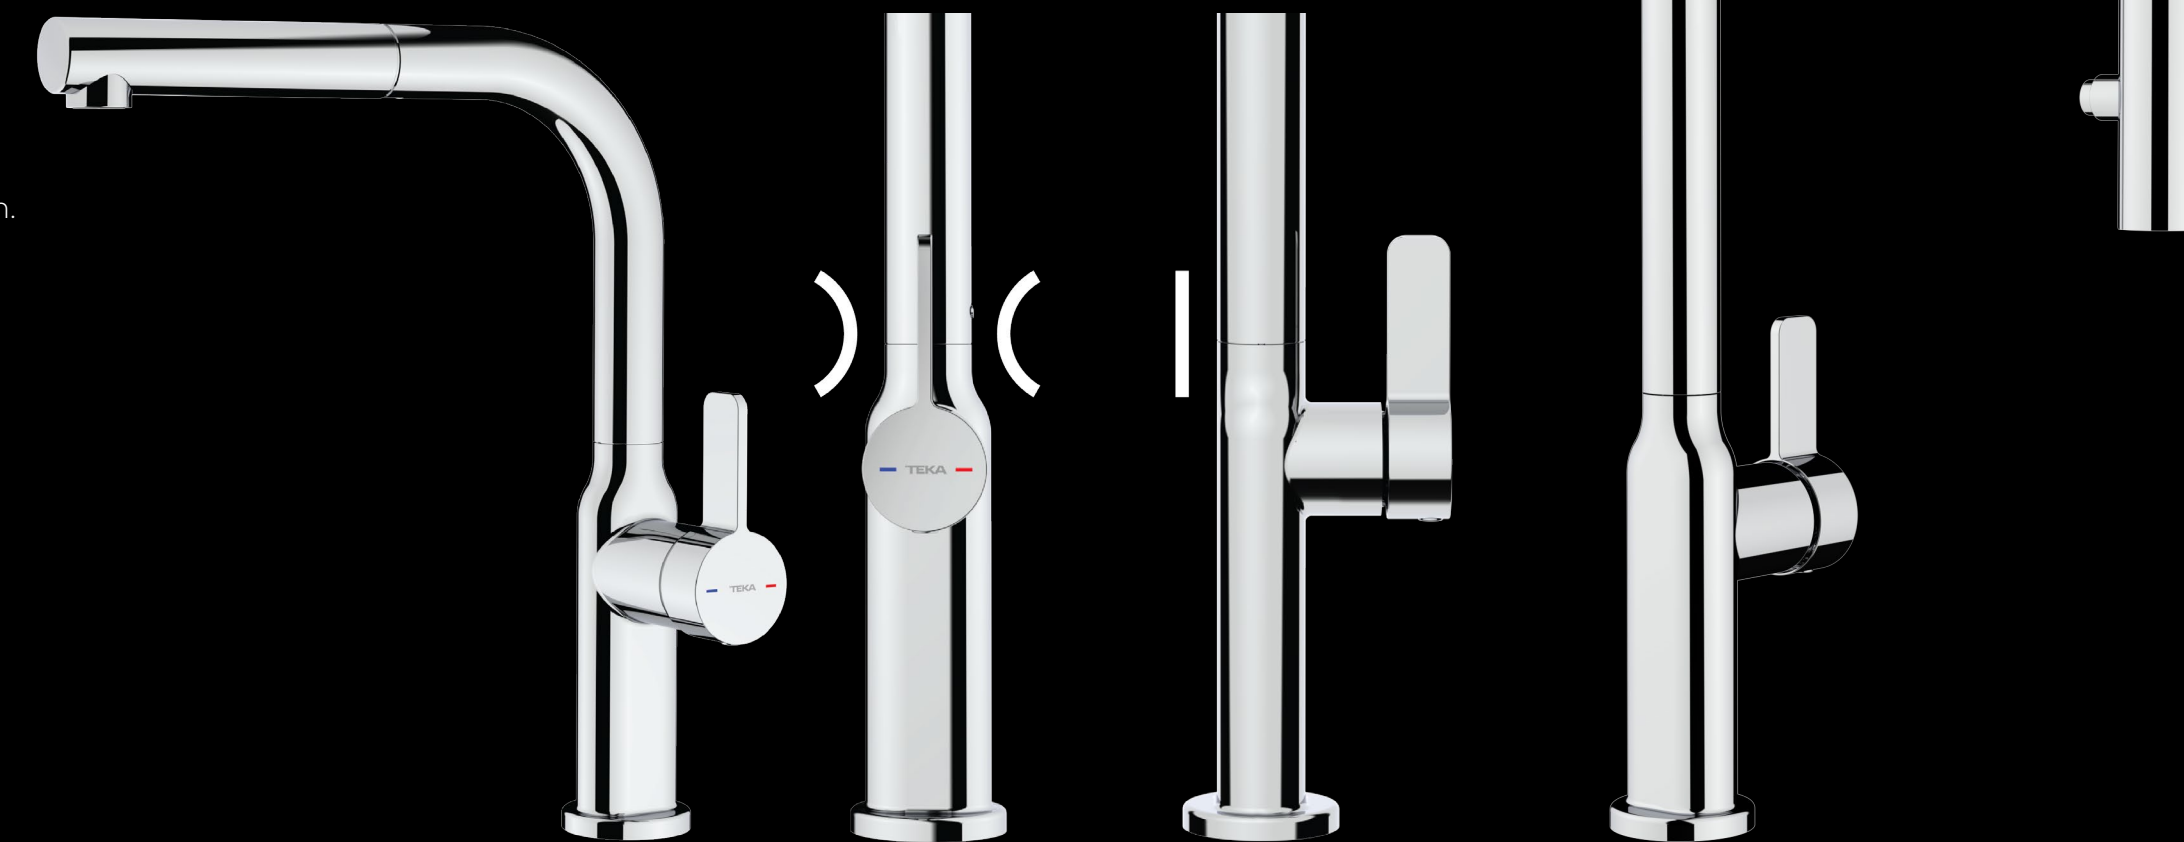

### THE MOST CAREFUL DESIGN

Its oval body has been meticulously designed to maintain a smooth continuity with the round spout, creating a stylized and elegant piece.

### COMFORT IN EVERY USE

Its careful manufacturing, with highly durable materials, offers maximum day-to-day resistance, thanks to its:

-  Anti-scale aerator.
-  360° swivel spout to direct the water flow.
-  Easy-Quick system for a tool-free installation.
-  High-resistance ceramic discs cartridge.
-  High-precision temperature control.

### THE STAR MODEL

The Oval 9382 model tap stands out in the series due to its characteristics:

- Its removable hidden handle with magnetic fixing,
- Two spray types: normal and shower,
- A swivel spout for easy handle movements,
- And a strong flexible hose with quick connector for tool-free installation.

### THE GREATEST COMMITMENT

The Oval taps series is strongly committed to saving water, its models 914, 915 and 9381 stand out with a maximum flow of 5 l/m at 3 bar.
