## COOK FROM YOUR SOFA

Teka's smart ovens connect to your mobile seamlessly, enabling you to control the functions from wherever you want and to programme your cooking so your food is ready whenever you want it.

Your lasagna will be ready when you get home.

\* To interact with the appliances, you must ask Alexa to execute an order through Teka Home.

**“ALEXA,  
I WANT TO MAKE  
SOME RICE”**

**THESE  
HOODS  
CAN READ  
YOUR MIND**

Use the Teka Home app to check out how to access the different functions of your hob directly and the ideal dishes for each one. Check your mobile phone to see what your hob is doing so you don't have to worry about anything.

***“Alexa, I want to  
cook rice today.”***

Alexa will give you step-by-step guidance on how to use your hob's automatic Rice Cooking function.

The Hob to Hood feature turns your hood on by itself and regulates the power in accordance with what you're cooking.

In addition, the FreshAir function will ensure the air in your kitchen is always fresh and odour-free.

***“Alexa, turn up  
the power of  
the hood.”***

Alexa will help you regulate the power and lighting of your hood from wherever you want.

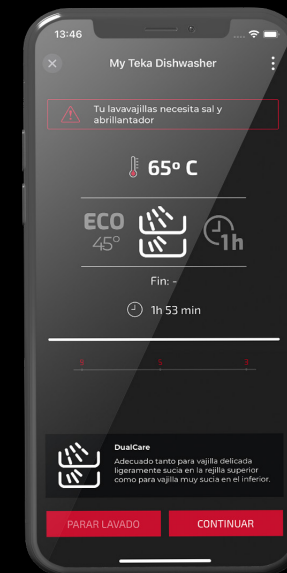

# TURN ON SUPER FREEZE BEFORE YOU GET HOME

Activate SuperFreeze or SuperCooling and reach optimal temperatures quickly. Cold beers for tonight's game!

Besides, you can save energy by activating your refrigerator's ECO mode from wherever you are through the Teka Home app.

# WASH YOUR DISHES FROM YOUR OFFICE

You can turn your dishwasher On from wherever you are through the Teka Home app, so that you find your dishes clean when you get home.

Moreover, you can decide at what time you want the washing cycle to be over, and know all the details about your dishwasher's programs, so that you always know which one to use.
