

SE TEC 03B/03N/03P

Emergency recessed ceiling installation

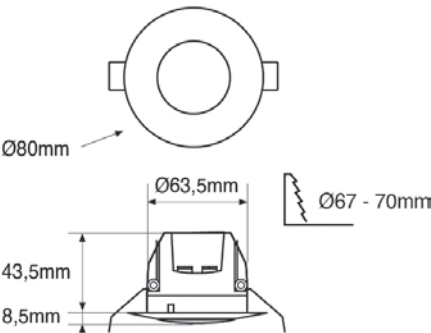

- Discreet and elegant emergency light for flush ceiling mounting.
- Minimum mounting height of only 43.5 mm (above the suspended ceiling).
- Aesthetically designed to match our range of detectors for a cohesive installation.
- Applications: Bathrooms and toilets, kitchens, hallways, lobbies, offices, classrooms, and any space such as homes, offices, schools, shopping centers, hospitals, hotels, restaurants, etc.
- Very low power consumption with switched-mode power supply.
- Available in white, black, and gray.
- High-power LED.
- Replacement battery SE TEC BAT.
 - 1-hour runtime
 - 4.8V/750 mAh Ni-Cd battery
 - IP20/IK04 protection rating

Technical specifications

REFERENCE	SE TEC 03B	SE TEC 03N	SE TEC 03P
Lamp type	LED		
Supply voltage	230 V-		
Self consuption	< 1 W		
Frequency (Hz)	50 Hz		
Color	White	Black	Grey
Material	PC + ABS. self-extinguishing		
Autonomy	1 H		
Operation type	Non permanent		
Test mode	Manual		
Battery	Ni-Cd 4,8V/750mAh		
Installation	Recessed ceiling installation		
Color temperature	5700 K		
Luminous flux	170 lm		
Operating temperature (°C) (min)	-5°C		
Operating temperature (°C) (max)	35°C		
Impact resistance	IK07		
Protection degree	IP40		
Isolation class	Class II		
According to	UNE 60598-2-22		

Supply battery SE TEC BAT
