

DM SEN RT2

Motion detector

- Surface-mounted motion detector/emitter.
- Powered by 3 x 1.5V LR03 batteries (not included).
- Detection range: up to 6m and 120°.
- Its purpose is to trigger a wireless doorbell when motion is detected.
- It has a 10-second delay between each detection.

REFERENCE	DM SEN RT2
Supply voltage	3 batteries x 1,5V LR03
Communication	RF
Frequency	868MHz
Scope	100m to 200m
Installation	Wall or ceiling mounting
Dimensions	176 x 201 x 45mm
Protection degree	IP20
