

Ref. 9610 MDS CITYLINE DIGITAL DISPLAY

DESCRIPTION

Display module of spare parts for inclusion in CityLine door entry panels and MDS Digital System.

The digital display module lets you search and view in the list of residents (electronic directory) using the browser buttons (arrow keys), as well as providing communication status information.

House calls can be made in two ways:

- by entering the corresponding code assigned to the home + the "bell" key.
- by finding the code in the electronic user directory (browser buttons) and pressing the "bell" key.

CityLine is the "continuous profile" outdoor panel line for buildings.

This new panel model is more robust, more luxurious and higher design and functional quality. The new design, in its video entry version, includes audio and video functions in the same module.

Injected zamak chrome finish Call buttons, in line with the curved panel profile. Sealed for outdoors.
