

AXES

1

▶ **Wood won't be a problem anymore:**

The blade is ready to be used to get the best cut. No trunk or log will be able to stand up to you.

2

▶ **No more unnecessary effort:**

Thanks to the geometry of its blade, our axes penetrate the wood much easier than you could ever imagine and the blade won't get stuck in the wood.

3

▶ **Your hands won't slip:**

The beech wood handle has been designed with your comfort in mind for a perfect grip. It cuts down on the effort needed, it increases the power and it is non-slip.

CHARACTERISTICS

- The blade is especially designed to guarantee that it penetrates the branch properly.
- Forged out of one single piece, heat treated, wear resistant and long lasting.
- The varnished beech wood handle is light, user friendly and it is PEFC certified.

USE

- To cut small, medium-size and big branches.
- To chop down trees.
- To chop up firewood.
- For trimming and pruning.

**SHARP EDGE
TO ENSURE A GOOD CUT.**

**UNBREAKABLE:
FORGED IN ONE PIECE.**

**PEFC CERTIFIED WOOD.
PATENTED FRIBREGLASS
WEDGE JOINT.**
