

1. IDENTIFICATION OF WORK AND TASKS

Accessory or equipment used to transport, organize, and store hand tools safely and accessibly in work environments such as construction sites, maintenance, or assembly.

2. RISK ASSESSMENT

2.1. Risk Identification

- Overloading the tool holder, which may cause lower back or joint injuries.
- Impacts or pinching injuries when handling tools inside the tool holder.
- Cuts from improperly placed or unprotected tools.
- Trips or falls caused by leaving the tool holder in walkways.
- Wear or breakage of handles, zippers, or fasteners, leading to tool loss or accidents.

2.2 Risk Assessment

Hazard	Consequence	Probability	Severity	Risk
Overloading	Back pain, fatigue	High	Medium	High
Pinching injuries	Bruises or pinching	Medium	Medium	Medium
Cuts from tools	Minor injuries	Medium	Medium	Medium
Trips due to placement	Contusions	Medium	Medium	Medium
Breakage of handles/fasteners	Falling tools	Medium	High	High

2.3. Preventive Measures for Identified Risks

- Do not overload the tool holder beyond the recommended weight.
- Distribute the weight evenly.
- Use tools with covers or protections inside the tool holder.
- Check the condition of handles, zippers, and seams before use.
- Place the tool holder in a stable location, away from walkways.

2.4. Corrective Measures in Case of Accident

- Lower back pain: Stop the activity, apply cold/heat, and consult a doctor.
- Cuts: Clean and disinfect the wound, seek medical attention if necessary.
- Falls: Assess the injury and go to emergency services in case of serious contusion.

2.5. Evaluation of the Effectiveness of the Measures

	INSTRUCTION MANUAL TOOL HOLDER	Page	6
		Revision	00
		Date	15/05/2025
This manual is intended to guide the user in the safe and efficient use of this product.			

Periodically inspect the tool holder and verify its proper use by operators. Ensure training on ergonomics and best practices.

3. INSTRUCTIONS FOR USE

3.1. Aspects to Consider Before Use

- Check that the tool holder is in good condition.
- Do not exceed the load capacity indicated by the manufacturer.
- Place only the tools necessary for the task and in the designated areas.

3.2. Aspects to Consider During Use

- Carry the tool holder in a balanced way, holding the handles securely and ensuring proper closure or fastening.
- Do not place sharp or cutting objects without protection.
- Do not leave the tool holder in walkways or unstable areas.

3.3. Warnings

- Do not allow use by minors or untrained persons.
- Do not use the tool holder if it is damaged or shows severe wear or defects.
- Do not overload the tool holder or use it for purposes not specified in this manual.
- Use only under adequate lighting conditions.
- Do not use if experiencing fatigue, under the influence of alcohol, or after taking medication or substances incompatible with the task.

4. MAINTENANCE AND STORAGE

4.1. Cleaning

Clean regularly with a damp cloth. Avoid using corrosive products or solvents.

4.2. Inspection

Check zippers, seams, rivets, fasteners, handles, and compartments. Replace the tool holder if structural damage is detected.

4.3. Storage

	INSTRUCTION MANUAL TOOL HOLDER	Page	6
		Revision	00
		Date	15/05/2025
This manual is intended to guide the user in the safe and efficient use of this product.			

Store in a dry place, away from moisture and heat sources. Avoid contact with sharp or corrosive materials.

4.4. Recycling and Environment

Dispose of the tool holder at authorized recycling points or waste collection centers when it reaches the end of its service life.

5. CONTACT AND SUPPORT

If you have any questions or need further assistance, please do not hesitate to contact our customer service:
