

	INSTRUCTION MANUAL CONSTRUCTION SCRAPERS	Page	6
		Revision	00
		Date	15/05/2025
This manual is intended to guide the user in the safe and efficient use of this product.			

1. IDENTIFICATION OF WORK AND TASKS

Hand tool used to spread, smooth and level mortar, cement, gravel, sand, etc., on construction surfaces in foundation and masonry work.

2. RISK ASSESSMENT

2.1. Risk Identification

- Cuts or abrasions: Due to contact with the metal edges of the scraper.
- Musculoskeletal injuries: Prolonged use may cause discomfort in wrists, arms or shoulders.
- Falls or trips: Due to improperly placed tools in the work area.
- Projection of particles: Cement or mortar fragments may be projected into the eyes during work.
- Misuse or wear: A scraper with a loose handle or worn blade may be hazardous.

2.2 Risk Assessment

Hazard	Consequence	Probability	Severity	Risk
Cuts or abrasions	Minor injuries	High	Medium	Medium
Muscle injuries	Pain or fatigue	Medium	Medium	Medium
Falls or trips	Minor injuries or impacts	Medium	Medium	Medium
Projection of particles	Eye injuries	Medium	High	High
Equipment wear	Loss of efficiency	High	Medium	High

2.3. Preventive Measures

- Use protective gloves, safety goggles and safety footwear.
- Check the condition of the handle, joint and blade before using the tool.
- Keep the work area clean and free of obstacles.
- Use the tool with ergonomic postures and take regular breaks.
- Replace the scraper if it shows worn edges or loose parts.

2.4. Corrective Measures in Case of Accident

- Cuts: Clean the wound, apply disinfectant and cover with a dressing. Seek medical attention if necessary.
- Muscle injuries: Rest the affected area, apply local cold and consult a doctor if pain persists.
- Eye injuries: Rinse the eyes with plenty of clean water and seek medical attention if discomfort persists.

This manual is intended to guide the user in the safe and efficient use of this product.			

2.5. Evaluation of the Effectiveness of the Measures

- Preventive measures must be reviewed periodically. It is essential to carry out pre-use inspections and train operators in the safe use of the tool.

3. INSTRUCTIONS FOR USE

3.1. Aspects to Consider Before Use

- Use safety footwear, gloves and protective goggles.
- Inspect the scraper: check that it has no deformations and that the handle is secure and free of cracks.
- Prepare the work area: avoid obstacles and ensure good lighting.

3.2. Aspects to Consider During Use

- Hold the tool firmly by the handle.
- Perform smooth and controlled movements to level the mortar.
- Do not use the tool for purposes other than those specified.

3.3. Warnings

- Do not allow use by minors or unqualified persons.
- Do not use the tool if it is worn, has a loose handle or is damaged.
- Do not use under the influence of substances that may impair attention.
- Use only under adequate lighting conditions.
- Do not use if you show signs of fatigue, intoxication, or after taking medication or substances incompatible with the task.

4. MAINTENANCE AND STORAGE

4.1. Cleaning

Clean with water and a brush immediately after use to prevent dried mortar from adhering. Dry completely before storing.

4.2. Inspection

This manual is intended to guide the user in the safe and efficient use of this product.			

Regularly check the tool. If the blade has irregular edges or the handle is loose, repair or replace the tool.

4.3. Storage

Store in a dry place, away from moisture and out of reach of children.

4.4. Recycling and Environment

Do not dispose of the tool with household waste. Dispose of it at an authorized recycling point in accordance with local regulations.

5. CONTACT AND SUPPORT
