BATHROOM & KITCHEN TAPS

UP! URBAN PRESS2

A new way to enjoy your shower. Elegant, efficient, and made by Clever.

Minimalist in style, ergonomic by design

Created by Clever to make
installation simpler and everyday
use more enjoyable

The UP! Urban Press2 is the ideal choice for both professionals and homeowners who value quality, performance, and design.

Available in 4 premium finishes

Available in four premium finishes: **chrome**, **matt black**, **gunmetal***, and **brushed gold***.

The **UP! urban PRESS2** adds a touch of sophistication and personality to the bathroom space, combining aesthetics and functionality like never before.

Ideal for both renovations and new constructions, this built-in solution offers full control of flow and temperature with a single gesture.

Chrome

Matt black

Brushed gunmetal

Brushed gold

Squared design

Rounded design

*Eco-friendly finishes:

PVD (Physical vapor deposition)

The PVD coating technology used provides enhanced corrosion resistance, which extends the lifespan of our products. Additionally, the PVD process is clean and sustainable, aligning with our eco-friendly values and helping to reduce environmental impact.

Thermostatic cartridge

Equipped with a precision thermostatic cartridge by Sedal (compliant with EN 1111), this shower guarantees precise and consistent temperature control, even with pressure fluctuations in the system. Thanks to the **quality and reliability of the SEDAL cartridge**, sudden temperature changes are avoided, enhancing safety and comfort with every use.

ON-OFF push-button: starts with a click, adjusts with a twist

Thanks to its intuitive design, the control panel allows you to open and close the water flow with a simple click, quickly and effortlessly. Once activated, **you can easily adjust the flow by turning the control**, adapting the jet to your needs at any time.

ON-OFF push-button
to turn the water on or off

The new box: Easy and quick installation (Ref. 62599)

Designed to make your work easier, it features a **sturdy protective cover and built-in levels**, allowing for a fast, precise, and secure installation. Its robust and well-thought-out structure facilitates wall mounting, ensures perfect alignment, and minimizes errors on the job site.

Save time, avoid complications, and boost efficiency with a solution that pays attention to every detail, keeping the installer in mind.
