

**Article number:** 20007461 6.000 mm

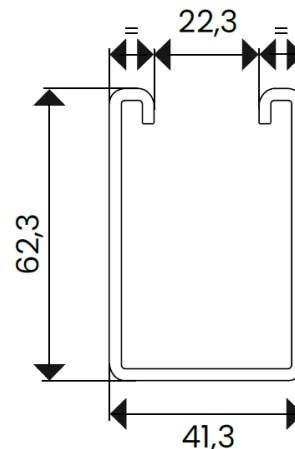

**Product name:** DW Support channel W 41-62 Z275,, profile 41 x 62 x 2.5 mm

**Field of application:** The DW support channel enables professional and easy suspension of rectangular ventilation ducts and other pipe systems. The slotted holes makes the DW support rails versatile in use.

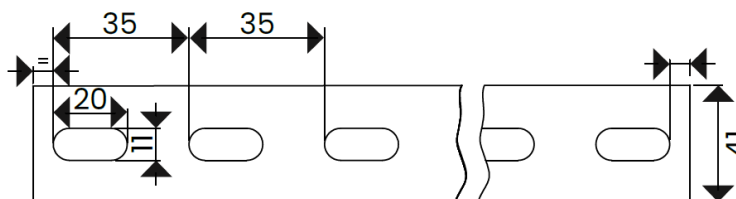

**Material:** Steel, galvanized, quality DX 51 D+Z, material no. 1.0917 (old designation 1.0226) according to EN 10346:2015 (table 1+7)

**Dimensions:** 7.5/9.5/62.3/41.3/62.3/9.5/7.5 x 2.5 mm

**Weight:** Approx. 3.52 kg/m

**Perforation:** Oval hole: 20 x 11 mm

<b>Production method:</b>	Cold roll forming
<b>Delivery unit:</b>	Length: 6.000 mm    bundles à 180 m
<b>Remarks:</b>	<p>As an option, we also have end caps for a visually clean finish to the mounting rail and to reduce the risk of injury at cut edges.</p> <p>Ceiling attachment by means of dowels in concrete (min. C25/30), suspension by means of threaded rod, screw connection below the support section by means of nut and counter-nut.</p>
