

## DIMENSIONS

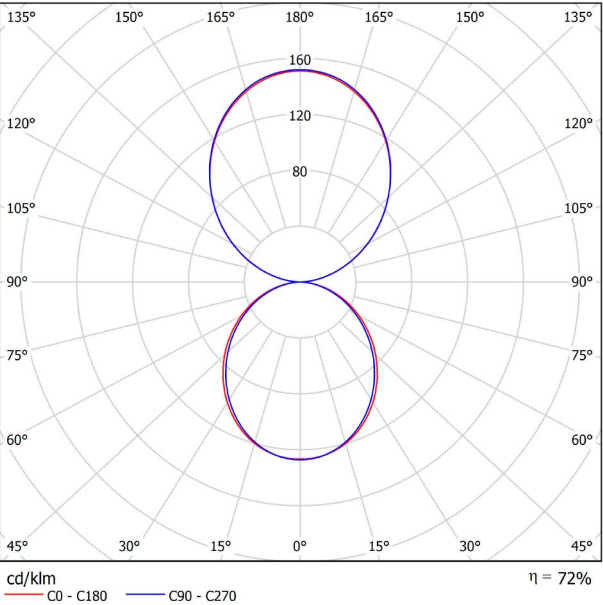

|                             |                                     |
|-----------------------------|-------------------------------------|
| <b>PRODUCT</b>              |                                     |
| Name                        | REC DOUBLE MINI 2700K NT            |
| Reference                   | A3100010NT                          |
| Color                       | Textured black                      |
| Power of the system         | 9005                                |
| Category                    | WALL & FLOOR LIGHTS                 |
| <b>LIGHTING INFORMATION</b> |                                     |
| Light source                | LED                                 |
| Gross luminous flux         | 2300 Lm                             |
| Power                       | 16,5 W                              |
| Power values of the system  | 18,54 W                             |
| Colour temperature          | 2700 K                              |
| Colour Rendering Index      | CRI>90                              |
| Chromatic stability         | Mac Adam Step 2                     |
| Lighting efficiency         | 72%                                 |
| Efficacy                    | 139 Lm/W                            |
| Current intensity           | 500 mA                              |
| Control through bluetooth   | Please Consult                      |
| Driver                      | Included                            |
| Electrical insulation class | □                                   |
| Voltage                     | 220 V/240 V                         |
| Frequency                   | 50/60 Hz                            |
| Energy efficiency           | A+                                  |
| LED lifespan                | L80B10 (Tc=80°C) >60.000h           |
| <b>OTHER DATA</b>           |                                     |
| Ingress Protection          | IP20                                |
| Weight                      | 1125 g.                             |
| Packaged weight             | 1210 g.                             |
| Packaging dimensions        | 230 × 145 × 64 mm.                  |
| Units per package           | 1                                   |
| Materials                   | Aluminium / Polymethyl Methacrylate |

Rec is a LED appliance that is especially ideal to carry out indirect lighting functions. This is a luminary that perfectly fits into projects that prioritise the comfort given by indirect lighting but also require a high volume of light. Formally, Rec is expressed in a slender cuboid with pure lines and a minimalist design.
