

## DIMENSIONS

## PRODUCT

|                     |                     |
|---------------------|---------------------|
| Name                | REC DIM 3000K WT    |
| Reference           | A2560021WT          |
| Color               | Textured white      |
| Power of the system | 9016                |
| Category            | WALL & FLOOR LIGHTS |

## LIGHTING INFORMATION

|                             |                           |
|-----------------------------|---------------------------|
| Light source                | LED                       |
| Gross luminous flux         | 5625 Lm                   |
| Power                       | 39,5 W                    |
| Power values of the system  | 42,93 W                   |
| Colour temperature          | 3000 K                    |
| Colour Rendering Index      | CRI>90                    |
| Chromatic stability         | Mac Adam Step 2           |
| Lighting efficiency         | 85%                       |
| Efficacy                    | 142 Lm/W                  |
| Current intensity           | 400 mA                    |
| Dimming                     | DALI / Push               |
| Control through bluetooth   | Please Consult            |
| Driver                      | Included                  |
| Electrical insulation class | ⏚                         |
| Voltage                     | 220 V/240 V               |
| Frequency                   | 50/60 Hz                  |
| Energy efficiency           | A+                        |
| LED lifespan                | L80B10 (Tc=80°C) >60.000h |

## OTHER DATA

|                      |                                     |
|----------------------|-------------------------------------|
| Ingress Protection   | IP20                                |
| Weight               | 1830 g.                             |
| Packaged weight      | 1983,8 g.                           |
| Packaging dimensions | 384 × 180 × 44 mm.                  |
| Units per package    | 1                                   |
| Materials            | Aluminium / Polymethyl Methacrylate |

Rec is a LED appliance that is especially ideal to carry out indirect lighting functions. This is a luminaire that perfectly fits into projects that prioritise the comfort given by indirect lighting but also require a high volume of light. Formally, Rec is expressed in a slender cuboid with pure lines and a minimalist design.
