

Bright Line components

ARKOSLIGHT

Bright Line is a 24V linear lighting system composed of modular light sections. Once you've selected your desired combination of light modules, complete the setup with the diffusers, end caps, and straight joiners shown in this section.

		L
BRIGHT LINE Diffuser	A303-10-01	1000mm
	A303-10-02	2000mm
	A303-10-03	3000mm

End Caps Kit
A303-10-00- W
Thickness of each cover 2mm.

Power Line
A303-10-05

Straight Joiner
A303-10-04
