AWARDS

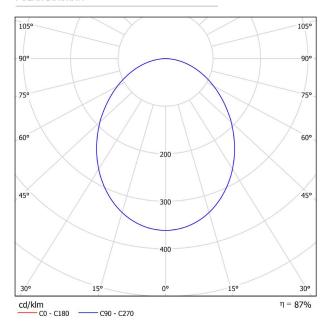

A large seized ceiling luminaire offering a major luminous flux, either as surface or as suspended fitting, with the action of the surface of the surfacepossibility to hang it at any desired height. Drum is dimmable in order to be allowed to adapt the light volume at any time exactly to the specific needs of each application or situation. In terms of forms its design is expressed in a surrounding slightly curved circular strip. Counting with a perfect, homogeneous light diffusion and the attractive illusion of a natural skylight.
