

CONTI®

Cleansing Made Simple

Skin Kindness starts here

Kind care through cleansing, protection and skin support.

Ageing causes skin to become thinner, drier and more susceptible to damage, and immobility further increases the risk of skin breakdown. Evidence shows that maintaining skin integrity is essential for protecting comfort, dignity and wellbeing in older adults in residential and long-term care.¹

The Conti® Skin Kindness collection is centred on using soft materials, gentle formulations and protective care approaches that help support skin integrity and respect the needs of sensitive skin.

Conti® Kind™ Cleansing Dry Wipes

BEST FOR

Everyday personal care and bathing with soap and water, with the strength to manage soiling when needed.

SKIN NEED

Sensitive skin or ageing skin², requiring gentle frequent cleansing.

WHY IT'S KIND

Naturally soft, plastic-free wipes with extra thickness and high absorbency that stay intact during more demanding care tasks, providing ultra-absorbent, reliable wet strength that supports effective cleansing while maintaining comfort and softness.

Conti® Kind™ Cleansing Wet Wipes

BEST FOR

Gentle, no-rinse cleansing when traditional washing with soap and water may be uncomfortable or undesirable, including everyday personal care and bathing.

SKIN NEED

Sensitive skin or ageing skin², requiring gentle frequent cleansing.

WHY IT'S KIND

Soft, plastic-free wipes with a high naturally derived content supporting comfort and dignity during everyday personal care.

Conti® 4% Dimethicone Barrier Cream Cloth

BEST FOR

Caring for people who spend prolonged periods in bed or depend on others for personal care, where skin is exposed to moisture or repeated cleansing.

SKIN NEED

Skin at increased risk of barrier breakdown due to moisture, friction or dependency.

WHY IT'S KIND

Forms a gentle protective barrier layer on the skin to help support the skin's natural defences, whilst remaining suitable as part of a daily skin protocol.
