**Assemble your Sharpsafe® container**  
Assemble your Sharpsafe® container as per the assembly instructions.

**Secure your stand using glue tabs**  
Remove the covering and apply your glue tabs to the ridges on the bottom of the stand. Remove the second covering.

**Secure your stand suction cups**  
Insert the suction cups into the four holes on the bottom of the stand.

**Secure your stand to a flat surface**  
Place secure your stand a flat surface and apply pressure to secure your stand.

**Insert your container**  
Insert your container into the stand, ensuring the fill line and label are facing forward.

**Final closure**  
Once your container is full, permanently close your sharps container.

**Remove your container**  
Place one hand on the stand and your other hand on the handle of the container. Pull the handle gently until the container is out of the stand. Do not touch the body of the container when removing.

**Cleaning your stand**  
Clean the stand before inserting a new container. We recommend cleaning the stand as per your local cleaning protocols.
