

Owner Builder Fastener Checklist (Australia)

Use this checklist to ensure you have the right bolts and fasteners at each stage of your build.

Stage 1: Foundations & Structural Steel

- 1 Structural bolts (AS/NZS compliant)
- 2 Anchor bolts
- 3 Heavy-duty washers and nuts

Stage 2: Framing

- 1 High tensile bolts (8.8 / 10.9)
- 2 Coach bolts (timber)
- 3 General fasteners

Stage 3: Roofing

- 1 High tensile bolts
- 2 Corrosion-resistant fasteners
- 3 Structural fixings if required

Stage 4: Decking & Outdoor

- 1 Galvanised bolts
- 2 Coach screws/bolts
- 3 Outdoor-rated connectors

Stage 5: Fit-Out

- 1 General-purpose bolts
- 2 Light-duty fasteners
- 3 Anchors for fixtures

Tip: Always check compliance requirements and match the bolt grade to the application.
